About Mas Rodó

Mas Rodó is a **family winery** which began in 2005, went into production in 2008, and finally launched on the market in 2010. It's a family project with a long-term plan, and with the aim of producing **distinctive wines** of quality within the **D.O. Penedès**. The terroir and our meticulous care of the vineyard and the wine are the hallmarks that allow us to shape wines with our personal style.

Mas Rodó is an idea that encompasses respect for the land, passion for wine, and the dreams of a family.

Mas Rodó Fine Wines

Excellence and dedication are concepts that define Mas Rodó's work. They are the reasons behind the commitment to producing single-varietal wines within the **Penedès** Designation of Origin (DO). They are pioneers in crafting wine with **Montonega**, a native variant of Parellada, which is more intense and expressive, with reddish skin and only grows in certain terroirs. They embrace **Riesling**, which at Mas Rodó, develops with unprecedented Mediterranean nuances. They handle the **Macabeo** grape with rigor and patience, resulting in an extraordinary white wine with a distinctive personality. Their **Cabernet Sauvignon** shines with its own light, epitomizing balance and excellent ripening. From **Merlot**, they extract an intense and lively wine, offering a fresh perspective on one of the world's most cultivated varieties.

In addition to the single-varietal wines, they craft the Incògnit line. These blends are created to appeal to a broad range of consumers and occasions, while maintaining the quality and standards of Mas Rodó.
